

# e-z theory: Tones and Semitones

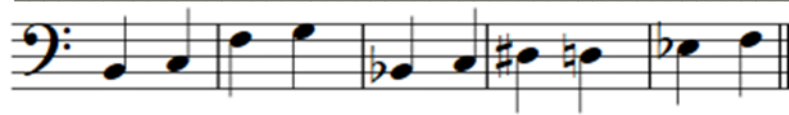

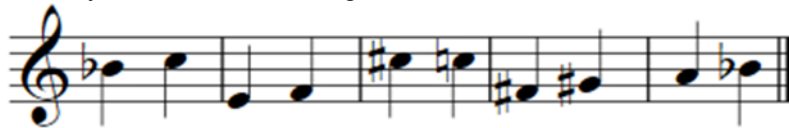

In these exercises you will learn about tones and semitones.

1

## About tones and semitones

Explain what is meant by the term 'semitone' in comparison to a tone:

Identify whether the following intervals are tones or semitones, marking 'T' for tone or 'S' for semitone:

2

## Making semitones

Add **one** accidental to each of these pairs of notes to make a semitone:

### Hints and tips

There may be more than one way to make a semitone in exercise 2.
